CPL entered the Irish solid fuel market in 2012 by establishing CPL Fuels Ireland, a green field start up operation, importing, packing and distributing solid fuels. CPL Fuels Ireland has achieved consistent significant organic growth to become one of the largest players in the Irish domestic solid fuel market. This has been supported by CPL's market leading branded low smoke manufactured products which have been gaining significant market share.

The Irish solid fuel market is one of the largest in Europe and is in a period of significant change which is presenting CPL with a major market opportunity. The Irish Environment Minister has announced the intention to ban the burning of smoky coals. As a result of the announcement, CPL Fuels Ireland has built a new production facility to manufacture low smoke ovoids. The plant is located at the Shannon Foynes port in County Limerick and has recently commenced operation.

A number of exciting permanent opportunities have been created within CPL Fuels Ireland, for which attractive packages are available:

Production Manager – Foynes (to €65k – dependent upon experience)

Do you have an electrical or mechanical qualification, or substantial experience of working in a manufacturing environment, along with the ability to absorb technical information and make key decisions? You will have the opportunity to develop your production management experience, lead the production crews and be a key member of the management team.

Stock & Logistics Co-ordinator – Foynes (to €30k – dependent upon experience)

Do you have effective communication skills? Are you highly organised? Do you have the ability to deliver a high standard of customer service? In this role you will manage the order process, liaising with hauliers to arrange transport at the best rates and advising customers of delivery times and dates.

Area Sales Representative – Munster (€30k-€35k plus car)

Are you driven and tenacious seeking a new and rewarding challenge, looking to enhance your earning potential with a growing company operating at the forefront of their industry? You will visit new and existing customers within the territory to sell our superior product range, cultivating and maintaining existing business relationships.

If you are interested in applying for any of these roles please submit your CV and a covering letter to; recruitmentireland@cplfuels.ie

Regulatory Manager - Healthcare
Limerick, Co Limerick
€50,000 - €60,000 Plus Life Cover, VHI, 23 Days' Annual Leave

If you have extensive ISO audit experience, this is an exceptional opportunity to develop your career with one of Europe's leading pharmacy and healthcare product companies.

Our client is a long established and reputable company that supplies medical consumables and devices to the Irish healthcare industry. They are now looking for a Regulatory Manager to join their Medical Device Product Team in Limerick.

Within an enjoyable and dynamic work environment, you'll have the chance to work on a diverse range of projects, as well as some of the most innovative new products in the medical devices market.

As the Regulatory Manager, you will ensure that our client's medical device products comply with industry regulations.

Taking ownership of a product portfolio, you will liaise with colleagues to define product strategies in-line with timeframes. You'll work with the relevant authorities to gain approval for product changes before implementing and communicating these.

You'll create and maintain product prescribing information, patient information leaflets and packaging components, including the management of artwork, in-line with regulatory requirements.

Providing a high level of support to colleagues, you will help to maintain the QMS and ISO 9001, including the generation and review of SOPs, reports and other quality documentation.

You'll manage the CE certification of our client's medical products and work closely with the Quality Department to manage any CAPA across the company. Additionally, you'll provide guidance and technical support in the preparation of all regulatory applications to HPRA and notified bodies.

To be considered, you will need:

- At least five years' of ISO audit experience gained within the medical devices industry
- Experience of auditing across all departments
- A BSc degree

Organised and pragmatic, as the Regulatory Manager, you will have excellent communication and teamworking skills. A logical approach to problem-solving and superb planning abilities are also key.

Experience of Q-Pulse software would be beneficial to your application.

To apply for the role of Regulatory Manager (Healthcare), please apply via the button shown.
